FOR

AIR TRAVEL

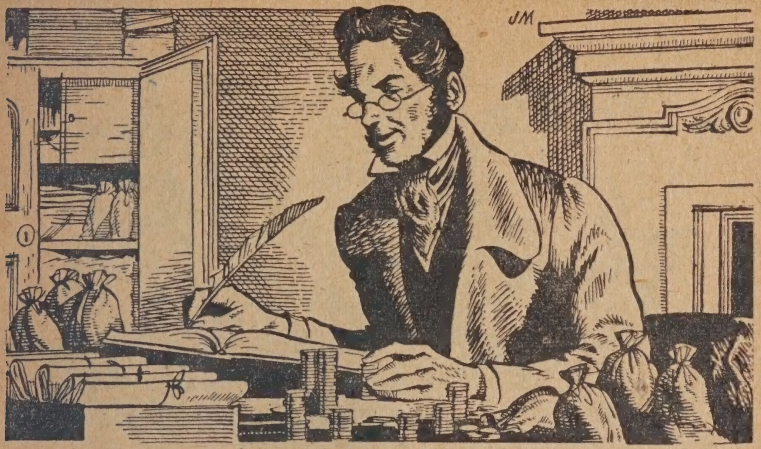
Henry Blacklock & Co. Ltd., of London and Manchester, announce that so soon as circumstances permit they will resume the monthly publication of

BRADSHAW'S
INTERNATIONAL
AIR GUIDE

(FIRST PUBLISHED NOVEMBER, 1934)

Bradshaw's International Air Guide will contain all the Air Routes of the British Empire, Europe, Asia, The United States of America, South America, North Africa, with Times of Departure and Arrival, Distances, Fares, Foreign Currency, Booking Offices, Maps and Official Route Numbers.

Intending Subscribers should send their names and addresses for registra to the Proprietors, Bradshaw's International Air Guide, 24, Ridgmont R St. Albans, Herts., or instruct their Newsagents to do so.



THE LONDON BANKER

The squeaking of a quill pen . . . spluttering radiance of the newly-invented gas-light . . . the soft, heavy clink of gold coinage . . . from outside, the clatter of hooves on a cobbled street . . .
an office of the London and Westminster Bank in the 1830's.

THE tempo of business was slower, in an age which knew neither telephones nor typewriters—when the invitation to enjoy the 'hospitality of the Manager' was the normal conclusion to a successful transaction. These early days in the Bank's history now seem incredibly remote. Yet throughout the intervening years, which brought greater changes than did those of any previous century, the policy of the Westminster Bank has marched with the times; it aims to provide a complete banking service, based on the highest traditions of integrity and fair dealing.

FARES, etc.

ORDINARY FARES.

There is no precise rate for fares applicable without exception to British Railways. In the left hand column of the Time Table pages in this Guide will be seen the distance in miles from various places, and generally speaking, fares are based upon a mileage rate not exceeding †2·625d. per mile for First Class, and †1·575d. per mile for Third Class. The following are the chief exceptions:—

Where there are two or more routes by which through tickets are issued from any one point to another, the fare is based upon the shortest distance, e.g.:—

Euston to Manchester—183 miles	1st, Single,	£2	0 2†
St. Pancras to Manchester—190 miles	1st, Return,	4	0 4†
King's Cross to Manchester—203 miles	3rd, Single,	1	4 2†
Marylebone to Manchester—206 miles	3rd, Return,	2	8 4†

Local fares are frequently reduced below the †1·575d. per mile rate, and in certain cases there are slight differences arising from various reasons.

† These rates are subject to the increase authorised as from 1st December, 1940.

MONTHLY RETURN TICKETS.

Monthly Return Tickets will be issued for use on the outward and return journeys by any train any day within one calendar month (**including day of issue**) between any pair of stations in Great Britain (excluding L.P.T.B. stations). The price of these tickets is approximately the ordinary single fare and one third for the double journey Third Class; First Class fares 50 per cent. over the Third Class fares.

The Monthly Return Tickets carry the same break of journey facilities as Ordinary Tickets.

ALTERNATIVE ROUTES.

Ordinary Return and Monthly Return Tickets enjoy certain advantages in respect of alternative routes for the return journey. Particulars can be obtained from the Company issuing the ticket.

DIRECTIONS FOR USING THE GUIDE.

THE INDEX.—Refer at once to your *destination*.

London stations are shown under their respective alphabetical headings.

Routes to London from all parts of the country are given under the general head, "London."

Where * precedes the page number (thus: *542) it denotes that the reference will be found in the Train columns or in the Notes on the page indicated and *not* in the Station column.

A ¶ after a Station in the Index signifies that the Station is closed for passenger traffic. A Bus Service is available in most cases.

Branch Lines and Junctions.—When Branch Lines are shown in the Main Line Tables they are indicated by the Stations being indented, *i.e.*, set a little to the right——Thus on page 348, *Sheerness-on-Sea* is a Branch from the Main Line.

To proceed from a Station on a Branch Line to any Station on the Main Line, refer as follows:—

EXAMPLE.—From SHEERNESS-ON-SEA to DOVER.

Page 359.	mrn
SHEERNESS-ON-SEA.....departure	7 22
Sittingbourne and Milton Regis.....arrival	7 39
Page 348.	
Sittingbourne and Milton Regis.....departure	7 45
DOVER (Priory).....arrival	9 10

When a Branch is *separated* from the table of the Main Line, THE ARRIVAL AT THE JUNCTION WITH THE MAIN LINE must be ascertained, and then reference made to the departure *from* the junction to the place required.

EXAMPLE.—From MARKET HARBORO to BOSTON.

Page 470.	mrn
MARKET HARBORO'.....departure	9 12
Northampton, Jn with Main Line.....arrival	9 51
Page 427.	
Northampton.....departure	10 18
LONDON (Euston).....arrival	11 56

Where a Branch Line is shown, and the arrival on the branch is later than the departure, as Yeovil (Town), page 170.

	mrn
Yeovil Junction	9 33
Yeovil (Town) arr.	9 47
Yeovil (Town) dep.	9 28
Yeovil Junction	9 39

Yeovil Junction is the Junction for Yeovil (Town). The arrival 9 47 is the time at which a train arrives at Yeovil (Town) from Yeovil Junction, and the departure, 9 28, the time at which a train leaves Yeovil (Town) for Yeovil Junction to connect with the Main Line.

Other Trains.—Where a train service is not complete on one table a note is inserted giving the pages where the additional trains will be found. When consulting the tables it is necessary to examine the pages carefully for these notes.

Departure and Arrival Times.—Where the abbreviations dep. or arr. are given opposite a station they indicate that the times shown for that station are departure *or* arrival times *only*. In cases where several stations in the same table show dep. or „ as on page 412, Euston to Watford Junction, and arr. or „ as on page 821, Hitchin to King's Cross, a note or reference folio is inserted giving the Local Table where the departure *or* arrival times may be found.

Bold Figures (116), opposite the name of a Station, refer to other pages containing the tables of lines in connection at that point. When placed opposite the name of a Station printed in small capitals (thus HULL), they imply that the DETAILS to or from that place may be found on the page referred to. Figures in the Station Column in L·N·E·R Section of the Guide (pages 810-1062) refer to Table Numbers.

Letter References (thus, **A**, A, A, Aa, *A*, a, *a*).—Reference must be made to the corresponding letters in the notes.

Dark Lines.—A mark thus Stop, Stop, or —— indicates the total stoppage of the train at that point; if any train be shown below in the same column, it is an independent one.

Shunts.—These are indicated by a thin line [thus ,— or thus —,] and show that Passengers are enabled to continue their journey by changing into the next train.

See page 102, 2 45 aft. train from Didcot, by which passengers *from Stations to Oxford* are enabled to pursue their journey by changing at *Oxford* into the following train.

Slip Carriages.—A mark thus Slip opposite a Station denotes that a Slip Carriage is detached, and Passengers wishing to be set down there must be careful to get into that carriage.

Sunday Trains.—Passengers commencing a long distance journey on Saturday or Sunday, when the destination will not be reached till the following day, are recommended to consult the detailed tables covering the whole of the Route (references to which are always given), as the Train service on Sundays often differs from that on Week Days. This is especially important where the departure time at the starting point is shown in connection with the tables containing in detail a section only of the journey.

Thus, on pages 506 and 508, for Saturday and Sunday departures from London (E.), Birmingham, and Manchester, to connect at Crewe, a reference to pages 416 to 422 (London, Eus.), 476 (Birmingham), and 517 (Manchester) for the intervening services, may prevent misapprehension.
